## SPORTDESIGN PACKAGE.

**Total freedom includes creative freedom.**

Your life, your decisions. When it comes to configuring your sports car, you should only go one way – your own.

### **SportDesign front apron**

Clearly defined. Exactly as you would expect of a genuine performance athlete. The distinctively designed front apron included in the SportDesign package is painted in the exterior colour and has an air intake grille in matt black. Its striking appearance is impressively enhanced by wheel arch extensions, sideskirts and the Cayenne Turbo rear section.

### **SportDesign package**

Sporting challenges? The Cayenne accepts. Even when they involve an extremely dynamic appearance. The SportDesign package creates an unmistakable look and an even more imposing overall impression. It comprises a distinctive front apron painted in the exterior colour with additional air intakes, a distinctive rear apron with a paint finish, sideskirts and prominent wheel arch extensions.

Restricted off-road use.

#### Carbon Design package

The material derived directly from motorsport. Your inspiration. With the Carbon Design package, you can create a racing look – instantly. Accents are set with the air intake grilles painted in black (high-gloss). The upper trims of the exterior mirrors as well as the airblades on the front apron finished in carbon, and the diffuser in carbon do more than hint at the car's race track heritage.
